

**2009-10 TSSAA Handbook**  
**BOWLING REGULATIONS**

**I. Regular Season and Tournament Play**

**A.** Girls bowling and bowling (COED) shall take place as winter sports, with the regular season beginning in October and ending in December. District, Region, and State tournaments will be held in January. If a school has a girls bowling team, girls may not participate on the bowling team in TSSAA tournament play. If a school does not have a girls bowling team, girls may participate on the bowling team.

**B.** Six members of each team may compete in each game. The remaining members, if any, will act as substitutes.

Averages, vacancy, or absentee scores are not allowed.

**C. Substitution Rule**

1. When a substitution is made during a game, that substitute must complete the remainder of the game. Two substitutions are permitted each game. The starting player once removed cannot return to bowl for the remainder of the game.

2. The opposing coach must be notified of a substitution before the substitute bowler throws his/her first ball. Failure to notify the opposing coach of a substitution will result in a zero pin-fall for those balls thrown by the illegal substitute. A substitute bowler cannot enter a game to shoot a spare unless the original bowler is physically unable to complete the frame. If a bowler is substituted in the middle of a frame that bowler cannot bowl again for the remainder of the match.

3. If the starting bowler completes at least 4 frames and is removed from competition then that player receives the game score. However, if the starting bowler completes less than 4 frames the substitute will be credited with the game score.

4. Substitutes will receive no additional practice throws on the competition lanes prior to entering a game.

**D.** A bowler arriving late may be allowed to catch up in the game in progress if the last player for both teams have not completed the third frame of the first game in the match. After this point, a tardy player may only enter the match at the beginning of the second or third game.

**E.** All competition is scratch, there is no handicapping.

**F.** Competition is based on a 27-point scoring system. One point per game, per individual bowler for each of three games. Total eighteen points. Two points for team total per game for three games. Total of six points. Total pin count for the series receives three points. Total points possible during the three game competition is 27 points.

**G.** Standings shall be determined on a match won and loss basis. In the event of a tie in the standings, the total points won will determine the standings. In the event of a tie at the points level, the total pin fall for the teams will determine the order in the standings.

**H.** Warm Up/Practice is allowed 5-10 minutes prior to the start of competition. Lineups must be exchanged prior to each game simultaneously.
