## **NFHS Coaches Association Award Program**

We are proud to announce that, again this year, the Board of Control has given TSSAA permission to participate in the NFHS Coaches Association Award Program. This program is designed to recognize State Active Coaches of the Year and Sectional Coaches of the Year in each sport sanctioned by the Association. Coaches are selected based on their accomplishments the previous school year. State and Sectional Coach of the Year winners will receive a certificate from the National Federation recognizing their accomplishments. Sectional Award winners will also be considered for the NFHS National Coach of the Year Award.

A National committee will select the National Coaches of the Year and these individuals will receive a plaque from the national office recognizing their accomplishment. Each state is also allowed to nominate one Citation (Coach) nominee. NFHS Citations are presented to individuals who have made significant contributions to the NFHS and/or other national organizations that have had an impact on high school activities. Nominees for Contributor of the Year must exemplify the highest standards of sportsmanship, ethical conduct, moral character, and carry the endorsement of their respective state high school association.

## **The BlueCross Bowl Joins the MVMT for Life**

While Tennessee's most talented high school football players practiced their best moves on the field at December's BlueCross Bowl, BlueCross BlueShield of Tennessee tackled movement of another kind with their new campaign, MVMT for Life.

The MVMT for Life campaign reflects how everyone can be involved in living healthier lifestyles by making small behavior changes such as taking the stairs instead of the elevator. During each game, spectators were encouraged to "Join the Movement" by visiting the MVMT for Life tent to learn how to incorporate more physical activity into their lives.

Tent guests were encouraged to join Tennesseans across the state by making an online health proclamation, such as losing weight, getting in shape or quitting smoking, via the interactive site, [MVMTforLife.com](http://MVMTforLife.com). Guests were also invited to try out a popular fitness video game system and even register to win a gaming system of their own to help keep track of fitness goals.

In addition to tent activities, spectators looking to save money and get some extra exercise were given the option to enjoy free parking in the MVMT for Life parking lot a short walking distance from the stadium.

More than 300 healthy pledges were made by fans at the 2009 BlueCross Bowl, making the state championships an exciting and successful event both on and off the field.

You can be part of BlueCross BlueShield of Tennessee's MVMT for Life by making your health proclamation at [www.MVMTforLife.com](http://www.MVMTforLife.com). You can also become a fan on Facebook and follow the MVMT for Life on Twitter

## CONTRIBUTOR - Jeff Lockridge

TSSAA is proud to recognize Jeff Lockridge as its distinguished service honoree as a contributor.

Jeff was born and raised in Nashville. After graduating from John Overton High School, where he played basketball, Jeff attended Austin Peay State University in Clarksville. He has worked at The Tennessean since 2000 and covered high school sports until 2009. Jeff was widely respected for his work covering high school athletic events, both during the regular season and at state tournaments. Jeff worked at almost every TSSAA state tournament event during his time covering high schools for The Tennessean. He is now in his first season on the Vanderbilt beat at The Tennessean.

Jeff and his wife, Leslie, have two sons, Kyle and Cole.

TSSAA proudly salutes Jeff Lockridge for his contributions made to high school athletics in Tennessee.

As part of the **"JUST DO WHAT'S RIGHT!"** program, TSSAA recognizes member schools that have made the effort to remind their athletic family that there is a particular code of conduct, a particular level of expected behavior, and a way to act that is proper if one wishes to be a part of an athletic contest, regardless of how they participate.

**"JUST DO WHAT'S RIGHT!"** focuses on the foundation of what we hope all participants will do. Just do what you are supposed to do in representing yourself, your family, your school and community.

Those schools that received no reported unsportsmanlike conduct incidents during the 2008-09 season have received a certificate highlighting the **"JUST DO WHAT'S RIGHT!"** logo and this effort. We are specifically recognizing proper sportsmanship at athletic contests, but we all understand that the athletic contests are a small part of our educational program.

## **DIVISIONAL AWARDS**

Local officials associations have been asked to nominate schools that they service that have displayed this overall positive effort to teach, expect, and demand a positive atmosphere of sportsmanship at their particular contests. Member schools have also been asked to nominate individuals or schools for special recognition for going the extra mile to do what's right. Nominations have also come from representatives of the Tennessee Observers Program for Sports. The TOPS observers have shared the positive efforts that have been recognized at athletic contests across our state.

From these nominees and the schools that have received no reported unsportsmanlike conduct during the previous school year, 27 schools have been selected to receive the A.F. Bridges Award at the divisional level. Three Class A, three Class AA, and three Class AAA schools in each grand division have been recognized for a total of nine schools in each division and 27 schools overall. These schools will be presented **"JUST DO WHAT'S RIGHT!"** recognition banners at the regional meetings in each grand division of our state during November. Again, the TSSAA Board of Control has earmarked \$27,000 toward a scholarship fund to recognize outstanding student athletes from the A. F. Bridges Divisional Finalists. Each school will receive \$1,000 toward a scholarship to recognize an outstanding student athlete who represents the essence of good sportsmanship and citizenship. The criteria for this scholarship will be established by the school, and student athletes will be recognized later during the school year.

## **STATE AWARD OF EXCELLENCE**

Of these 27 divisional recipients, one school in each class will receive Tennessee's top award for overall outstanding effort in its division. These schools will be presented the A.F. BRIDGES STATE AWARD OF EXCELLENCE. This is the highest award that can be bestowed upon a school to honor its overall efforts to promote citizenship and sportsmanship at school, and at athletic contests.

## **ATHLETIC DISTRICT AWARDS**

The A.F. Bridges Awards program includes awards for School System Administrator of the Year, Principal of the Year, Athletic Director of the Year, Female Coach of the Year, Male Coach of the Year, Official of the Year, and Contributor of the Year. Recognition will be made in the above mentioned categories in each of the nine athletic districts in our state. Nominations have been made by a Citizenship/Sportsmanship Committee in each athletic district and final selection has been made by a State Selection Committee.

***The awards are named the A.F. BRIDGES AWARD in honor of the TSSAA's first executive secretary.***

## **A.F. BRIDGES**

*A.F. Bridges was born in Athens, Louisiana on March 17, 1905. He attended school in Lincoln County, Tennessee and graduated from Central High School in Fayetteville in 1922. He earned his B.A. and M.A. from Peabody College in Nashville. He began his work as a teacher and coach at Peabody High School in Trenton, and after a number of years with the Milan, Henderson, and Covington schools, he returned in 1936 as Superintendent of the Trenton schools. Soon after, he became the Superintendent of the Covington City Schools. After three years in Covington, Mr. Bridges was named as the first full-time Executive Secretary of the Tennessee Secondary School Athletic Association and established the first TSSAA state office in Trenton in 1946. Under the leadership of A. Foster Bridges, athletics in the state of Tennessee reached a level of excellence and competence that earned the respect of all people. Mr. Bridges brought national recognition to Tennessee in high school athletics, and particularly in the field of girls' athletics and in the establishing of one of the most respected training programs for officials in the nation. Mr. Bridges was a person of high principles who displayed firmness and fairness, as well as the high ideals of ethics and integrity, as he and many other school people established the foundation of TSSAA across our state. It is our sincere wish that through honoring Mr. Bridges by naming this awards program after him, we will have the opportunity to remind young people of the positive characteristics, not only of this gentleman,*

## Update

2010, WOW! Who would have thought I would be here in 2010, here meaning earth, TSSAA, writing this in the News that no one is reading except the others who like me are old or getting old and wondering the same thing . . . WOW,

2010! I decided that this is the year to start to really decide just what I ought to be doing with my life and try to correct some of the past mistakes and move on to a great new decade. Things I hope to hold on to are some of the following thoughts that I plan on still living in this new decade.

1. Life isn't fair, but it's still good.
2. When in doubt, just take the next small step.
3. Your job will not take care of you when you are sick, your friends and parents will, stay in touch.
4. Make peace with your past so it won't screw up the present.
5. If a relationship has to be a secret, you should not be in it.
6. Everything can change in a blink of an eye, but don't worry; God never blinks.

7. What other people think of you is none of your business.

8. God loves you because of who God is, not because of anything that you have done or didn't do.

9. Don't take yourself so seriously, no one else does.

10. Burn the candles, use the nice sheets, wear the fancy lingerie, don't save it for a special occasion. Today is special.

P.S. Not you Tommy Lane.

Speaking of Tommy Lane, I have had to learn to live with the fact that somewhere, somehow, that our family tree might share some branches. I sure they are the branches with a lot of fruit on them. Just wanted to let you know that I promise this next decade I will not let the evil of this world get me to do their dirty work. I am posting these pictures as a testimony to coming clean and turning over a new leaf. Sorry to have ever allowed myself to get involved in this. I am hoping these two pictures will clear up everything and I can at last sleep at night.

# TMSAA REPORT

The Tennessee Middle School Committee met for the first time this school year on November 4th. Members in attendance were Chic Nute, Tommy Shelton, Don Freudenthal, Vic King, Ken Hilliard, Robert Cole and Dr. Michael Lowe.

Committee members were given an updated list of TMSAA member schools and the Areas they have been assigned. Seven new schools have filed for membership this year. The committee decided on the appropriate Area for each new school. To date, we have 309 member schools in the Tennessee Middle School Athletic Association.

Committee members discussed the changes in Article II, Section 7 (Repeating Rule) of the TSSAA Bylaws and Rule 11 (Unsportsmanlike Conduct) of the TMSAA Bylaws. The change in TSSAA Bylaws is as follows:

*A student who repeats the seventh or eighth grade after passing that grade and participates in school athletics while repeating shall be ineligible to participate in athletics in the ninth grade.*

The change in the TMSAA Bylaws is as follows:

*B. On the ejection of the student-athlete, the school will be required to submit a report on the action of the player and any disciplinary action taken by the school. The minimum penalty will be as follows:*

*1. Football – 1 Game Suspension*

*2. Soccer – 2 Game Suspension, except for the following offenses which shall result in a 1 Game Suspension:*

*a. A player anywhere on the field (other than a goalkeeper within his/her own penalty area) who deliberately handles a ball to prevent it from going into the goal.*

*b. A foul by a player against an opponent who is moving toward his/her offensive goal with an obvious opportunity to score.*

*3. All other sports – 2 Game Suspension*

*The student-athlete is also suspended from all levels of*

*participation (varsity, junior varsity) the same number of contest(s) in the sport involved.*

*If the student-athlete is finishing the highest ending grade in his/her school and cannot fulfill all of the disciplinary action due to the completion of the season, he/she will fulfill the action in the next sport in which they participate.*

Starting this year, all member schools are required to file their eligibility (except transfer forms and hardships) and schedules online. Rule 12 of the TMSAA

Bylaws now states the following:

*An eligibility list containing the name of each student who is to participate during the season in each sport shall be filed online prior to the first contest. If a student whose name does not appear on the original eligibility list wishes to become a member of the squad, the student's name shall be filed online before the student is allowed to participate.*

*Member schools shall file with the state office a copy of the schedule in each sport. Schedules shall be filed online prior to the first contest.*

Committee members also discussed the current sectional tournament format. Part of the discussion revolved around whether or not TSSAA would ever mandate enrollment figures for classification purposes at the middle school level. Another part of the discussion revolved around whether or not there should be three classes for competition purposes at the sectional tournament.

Committee members recommended that all member middle schools use a TSSAA approved association for the assignment of officials in all sports. In addition, they discussed the possibility of TSSAA setting regular season and post season official's fees.

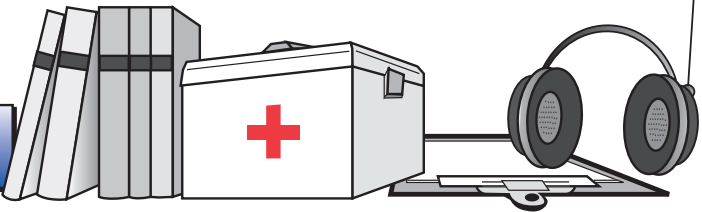

Committee members also discussed the feasibility of having a state championship in basketball. After a lengthy discussion the committee took no action.
