Internet Statistical Results from BlueCross Spring Fling

This year 48,237 different people visited TSSAA.org and viewed pages 800,000 times. These numbers represent a 5% and 10% increase respectively over the 2010 BlueCross Spring Fling.

Mobile Computing

Biggest change related to Internet access of TSSAA.org is from mobile devices. Last year access came from 9,668 mobile devices, this year 23,451 - an increase of 143%. 20% of all accesses to TSSAA.org came from mobile devices.

- iPhone went from 4,876 to 9,086 - increase of 86%
- Android went from 2,215 to 9,019 - increase of 297%

- Blackberry went from 2,215 to 1,296, a drop of 41%

- iPad went from 304 to 1,296 - and increase of 1,232%

68% of access to TSSAA.org comes from Windows computers, but mobile devices have supplanted Macintosh as the next most common access method.

Twitter/Facebook

Internet was abuzz with Twitter & Facebook feeds from the Internet. So prevalent as Twitter use that persons could almost follow any game/match/event by watching Twitter feeds. Twittering was being done by all the major newspapers and by many media outlets - but most prevalent were users in attendance sending Twitter feeds to people back home (that the world can see).

Twilio

Results for all sports were called in our Twilio score reporting application. We received over 200 calls.

Interest Around the World

Someone in Pago Pago was interested in BlueCross Spring Fling. They accessed BlueCross Spring Fling information 55 times.

Pago Page is the capital of American Samoa. In 2000, its population was 11,500. Although in the Pacific, the only World War II action there was in January 1942 when Pago Pago Harbor was shelled by a Japanese submarine, but that remained the only action on the islands during the war.

CHANGES IN BYLAWS

The following is a summary of the Constitution and Bylaw changes and where they can be found in the TSSAA handbook. An updated version of the TSSAA handbook will be available on our website prior to member schools receiving the 2011-12 printed handbook. When it becomes available, the updated copy of the handbook should be used to conduct coaches meetings. The changes are as follows:

1. TSSAA Constitution (Article V, Section 4 (#6) – This rule states that no awards shall be given to a member school recognizing their finish in the regular season in any TSSAA sponsored sport if that school has been placed on restrictive probation for that sport.

2. TSSAA Bylaws (Article I, Section 9) – This rule gives a more specific definition of a classified employee under the coaching provisions. It states that a classified employee is any individual employed by a member school or school system in a position that does not require a teacher's license or the equivalent. The use of a classified employee as a coach are subject to the following restrictions:

(a) The classified employee must be employed full-time (30 hours or more per week) in a non-coaching position and may not be an independent contractor or an employee of an independent contractor;

(b) Although not counted as a non-faculty coach, he/she must be submitted to the state office annually and meet the same requirements as a non-faculty coach.

Use of a classified employee coach who has not met all of his/her requirements or was not submitted to the state office shall result in a fine of \$500.00

3. TSSAA Bylaws (Article II, Section 25) – This rule sets forth very specific criteria home schooled students desiring to try out for a school team must meet. A copy of the rule is enclosed. Every guideline listed must be met prior to a home schooled student trying out for a member school team. There are no exceptions.

We encourage every administrator to study the enclosed guidelines and discuss each one step-by-step with your coaching staff to ensure they understand these specific requirements.

An eligibility form is being developed that must be submitted to the state office prior to a home school student, who has met the guidelines, trying out for a member school team. The form will be placed on our website at www.tssaa.org for you to access as soon as it is completed. These students will not be submitted electronically on the school's regular eligibility report.

4. TSSAA Bylaws (Article IV, Section 8) – This change reduces all sports' dead periods from eight weeks to five weeks keeping the two-week summer dead period intact. The three weeks changed for all sports will allow student-athletes to continue weightlifting and conditioning only. No open facilities or practice will be allowed during that time. A copy of the dead period revisions by sport is enclosed. Please make sure every coach has a copy.

They have performed any and all duties necessary for the smooth operation of the events from scoring, admissions, and parking, to building layout director, event staff coordination and supervision, and playing area security. If you have been lucky enough to make it to the championships, you were probably welcomed by the Cockrells at the team check-in table.

When the wrestling championships made the move to the arena in Williamson County, the Cockrells were a key component in making for a seamless transition to the new site. The experience and vision Howard and Pat Cockrell have for event coordination, enable the championships to operate in a manner that places the focus on the competition – where it always should be.

THE RIGHT TEAM: AN UPDATE

STEPHEN BARGATZE

Here we go again. Another year!!! Please contact Courtney Brunetz at cbrunetz@tssaa.org if you are interested in having the Right Team come to your school or classroom this year. If by any chance we have never been to your school in the past you will be lifted up to the head of the list. As always I feel it is an honor to present at TSSAA schools.

Often near the first day of school I like to give good hard questions for you to give to the students just to find out who you are working with.

- Why do people pay to go up in tall buildings and then put money into binoculars to look at things on the ground?
- If Wyle E. Coyote had enough money to buy all that ACME stuff, why didn't he just buy dinner?
- Why do dogs get mad at you if you blow in their face but if you take them for a car ride: he sticks his head out the window?

Things they should know

1. The sentence, "The quick brown fox jumps over the lazy dog" uses every letter in the English language.
2. Ants never sleep!
3. Alexander Graham Bell, the inventor of the telephone, never called his wife or mother because they were both deaf.
4. The Mona Lisa has no eyebrows.
5. No words in the English language rhyme with month, orange, silver or purple.

Now the best joke of the summer for me...

There was this redneck (we'll just call him Tommy) that was invited by a friend to a rich man's party. Tommy looked forward to meeting the rich man so he could possibly get some business from him, since Tommy was such a great fisherman and hunting guide. All Tommy had to do was dress up nice and show up at this rich guy's house. When Tommy gets there, he is amazed at all the free alcohol drinks and beautiful women. After a while, Tommy hears commotion near the pool, so he goes over to see what is going on. It turns out that a ten foot gator had somehow crawled up and gotten into this man's pool. The rich man was offering \$10,000 to the person that would kill this gator. Next thing you know, there is a big splash and the redneck is in the pool and the gator is all over him. They fight, and fight, and fight, and Tommy is putting his thumbs into the gator's eyes and doing whatever he can to stay alive and try to kill this gator. Finally, Tommy gets on the gator's back and takes him down to the bottom of the pool. Surely only one of them is going to make it out alive. After a short while, the gator floats to the surface, feet first. Tommy gets out of the pool and is sitting on the edge trying to catch his breath when the owner of the home comes over and says, "that was the bravest thing I have ever witnessed and I will write you the check for \$10,000 now." Tommy refuses the check. The man says, "Well, how about my Rolex watch? It is worth a fortune." Again, Tommy refuses the watch as well. The man asks Tommy, "Please, tell me what I do to show my gratitude for all that you have done." Tommy turns to the rich man and says, "All I want is the name of the guy who pushed me into the pool."

BlueCross BlueShield of Tennessee, TSSAA Partner to Bring Championship Series to State High Schools

BlueCross BlueShield of Tennessee and the TSSAA recently announced the formation of the BlueCross Championship Series, designed to recognize athletic excellence and sportsmanship in high schools across the state.

The BlueCross Championship Series recognizes those Tennessee high schools with the highest performing athletic programs each school year. Schools are awarded points based on quarterfinal, semifinal, final round and championship appearances, with the potential points earned increasing at each level of competition. The total points earned will be divided by the number of sports offered at that school to create an average point total.

At the end of the school year, those schools with the top average point totals in their competitive division and class will be named the BlueCross Champions and each receive a \$2,500 cash donation from BlueCross.

The BlueCross Championship Series groups schools according to their

competitive division and class as assigned by the TSSAA, with a total of two Division II and three Division I classes.

Sports with individual and team competitions will earn points based on team composite scores, not individual performances. Sports without a tiered quarterfinal, semifinal, final and championship round system will be awarded points based on final standings at championship events.

As a way of recognizing sportsmanship among Tennessee high schools, only schools that have no reported incidents of unsportsmanlike behavior during the school year will be eligible to win the BlueCross Championship Series in its competitive class.

A complete, detailed breakdown of the BlueCross Championship Series criteria is available online at www.tssaa.org.

HISTORY OF CHAMPIONSHIPS:

1950 – The Nashville Area Junior Chamber of Commerce establishes the Clinic Bowl as a Middle Tennessee high school football bowl game benefiting Vanderbilt Physical Therapy Clinic.

1969 – First year of playoffs. Four teams from each of the three classifications play in a two-round playoff.

1972 – Playoff format expands to eight teams from each classification.

1977 – Playoff format expands to 16 teams from each classification.

1982 – TSSAA selects the Clinic Bowl as host for the Division 1A, 2A and 3A state high school football championships. It is the first time all three games are played on the same day at the same location.

1985 – Playoff format expands to 32 teams from each classification.

1993 – High school football classification expands from three to five classes and the state championships are expanded to a two-day event for 1A-5A title games.

1994 – For the first time, the Clinic Bowl is televised on network television in

Nashville and Memphis.

1997 – Schools divided into two divisions based on whether or not financial aid is part of the school's athletic program. Schools offering financial aid are placed in Division II, while the remaining schools are placed in Division I. This creates seven championships, five for Division I and two for Division II.

2000 – The Division I Championships are named the BlueCross Bowl and relocated to MTSU's Floyd Stadium.

TSSAA Corporate Sponsorships

It's Football, Soccer, Cross Country, Volleyball and Golf Time in Tennessee! TSSAA corporate sponsors play an integral part in the TSSAA State Championships. TSSAA would like to thank BlueCross BlueShield, Governors Highway Safety Office, Tennessee Dairy Farmers, Baptist Sports Medicine, Musco Sports Lighting, Fair Play and Click Effects for their continued support of the TSSAA and high school athletics.

BCBST - The 2011-2012 high school sports season marks BlueCross BlueShield of Tennessee's 12th year as a corporate sponsor of the TSSAA. BlueCross BlueShield of Tennessee extends its commitment to TSSAA by announcing the formation of the BlueCross Championship Series. The BlueCross Championship Series is designed to recognize athletic excellence and sportsmanship in high schools across the state. A complete, detailed breakdown of the BlueCross Championship Series criteria is available online at www.tssaa.org.

Southeast United Dairy Industry Association - The TSSAA is pleased to announce its partnership with the Southeast United Dairy Industry Association, Inc. (SUDIA) to make Chocolate Milk the "Official Beverage" of the TSSAA and to promote SUDIA's Fuel Up with Chocolate Milk campaign. This partnership will be activated at all TSSAA Championship events. Why Chocolate Milk? Chocolate milk is an ideal beverage for student athletes. It provides them with the unique nutrition needed after sporting events and practices: carbohydrates to provide energy and help fuel muscles, protein to support growth and repair muscles, and vitamins and minerals to help build strong bones and bodies. For more information, visit www.southeastdairy.org

Baptist Sports Medicine - Baptist Sports Medicine continues to play an important role in the TSSAA State Championships by providing medical coverage for all games. Baptist Sports Medicine is the sports medicine provider for the Tennessee Titans and the TSSAA. For a physician who understands your active life, call 284-GAME or visit baptistsportsmedicine.com.

The Governors Highway Safety Office not only sponsors the Right Team, but the Governor Highway Safety Office takes their message to our state championships.
