NFHS Coaches Association Award Program

We are proud to announce that, again this year, the Board of Control has given TSSAA permission to participate in the NFHS Coaches Association Award Program. This program is designed to recognize State Active Coaches of the Year and Sectional Coaches of the Year in each sport sanctioned by the Association. Coaches are selected based on their accomplishments the previous school year. State and Sectional Coach of the Year winners will receive a certificate from the National Federation recognizing their accomplishments. Sectional Award winners will also be considered for the NFHS National Coach of the Year Award. A National committee will select the National Coaches of the Year and these individuals will receive a plaque from the national office recognizing their accomplishment. Each state is also allowed to nominate one Citation (Coach) nominee. NFHS Citations are presented to individuals who have made significant contributions to the NFHS and/or other national organizations that have had an impact on high school activities. Nominees for Contributor of the Year must exemplify the highest standards of sportsmanship, ethical conduct, moral character, and carry the endorsement of their respective state high school association.

TSSAA Announces BlueCross BlueShield of Tennessee as Title Sponsor of the State Basketball Championships

The TSSAA announced in December that BlueCross BlueShield of Tennessee has signed an agreement to be the title sponsor of the 2011 Division I and II high school basketball championships.

The new contract further solidifies the relationship between BlueCross and the TSSAA. BlueCross is also title sponsor of the BlueCross Bowl, the state football championships and BlueCross Spring Fling, the spring sports state championships.

BlueCross began its relationship with TSSAA in 2000 when it became title sponsor of the Division I championship football games. In 2003, BlueCross became

the official corporate partner of TSSAA, as well as presenting sponsor of the Division II football championships. BlueCross has been the title sponsor of the BlueCross Spring Fling since 2005.

"The dedication BlueCross BlueShield of Tennessee has shown to high school athletics in Tennessee for more than a decade has been tremendous. The company's commitment to the health and well-being of the student athletes in our state grows stronger each and every year. That dedication and commitment is even more evident with the announcement of their title sponsorship of the state basketball tournament," stated Bernard Childress, executive director of the TSSAA.

"From day one, they have set high standards for high school athletic championships. We are extremely pleased to see the relationship between BlueCross BlueShield of Tennessee and TSSAA continue to grow and expand," added Childress.

"School sports have a large impact on a child's growth and development," said Janet McConnell, director of brand strategy and new media for BlueCross. "The work TSSAA is doing benefits all Tennesseans by providing opportunities for the next generation of leaders to learn the importance of and experience the benefits of a healthy and active lifestyle. We are proud to support their efforts."

The 2011 Division II BlueCross Basketball Championships will be at Lipscomb University's Allen Arena in Nashville, March 3-5. The Division I Girls' BlueCross Basketball Championships will be played at MTSU's Murphy Center, March 9-12. The Division I boys' tournament will be at MTSU, March 16-19.

TSSAA is proud to recognize Justin Lamb for his work, dedication, and the many contributions he has made to high school athletics in Tennessee.

As part of the **"JUST DO WHAT'S RIGHT!"** program, TSSAA recognizes member schools that have made the effort to remind their athletic family that there is a particular code of conduct, a particular level of expected behavior, and a way to act that is proper if one wishes to be a part of an athletic contest, regardless of how they participate.

"JUST DO WHAT'S RIGHT!" focuses on the foundation of what we hope all participants will do. Just do what you are supposed to do in representing yourself, your family, your school and community.

Those schools that received no reported unsportsmanlike conduct incidents during the 2009-10 season have received a certificate highlighting the **"JUST DO WHAT'S RIGHT!"** logo and this effort. We are specifically recognizing proper sportsmanship at athletic contests, but we all understand that the athletic contests are a small part of our educational program.

DIVISIONAL AWARDS

Local officials associations have been asked to nominate schools that they service that have displayed this overall positive effort to teach, expect, and demand a positive atmosphere of sportsmanship at their particular contests. Member schools have also been asked to nominate individuals or schools for special recognition for going the extra mile to do what's right. Nominations have also come from representatives of the Tennessee Observers Program for Sports. The TOPS observers have shared the positive efforts that have been recognized at athletic contests across our state.

From these nominees and the schools that have received no reported unsportsmanlike conduct during the previous school year, 27 schools have been selected to receive the A.F. Bridges Award at the divisional level. Three Class A, three Class AA, and three Class AAA schools in each grand division have been recognized for a total of nine schools in each division and 27 schools overall. These schools will be presented **"JUST DO WHAT'S RIGHT!"** recognition banners at the regional meetings in each grand division of our state during November. Again, the TSSAA Board of Control has earmarked \$27,000 toward a scholarship fund to recognize outstanding student athletes from the A. F. Bridges Divisional Finalists. Each school will receive \$1,000 toward a scholarship to recognize an outstanding student athlete who represents the essence of good sportsmanship and citizenship. The criteria for this scholarship will be established by the school, and student athletes will be recognized later during the school year.

STATE AWARD OF EXCELLENCE

Of these 27 divisional recipients, one school in each class will receive Tennessee's top award for overall outstanding effort in its division. These schools will be presented the A.F. BRIDGES STATE AWARD OF EXCELLENCE. This is the highest award that can be bestowed upon a school to honor its overall efforts to promote citizenship and sportsmanship at school, and at athletic contests.

ATHLETIC DISTRICT AWARDS

The A.F. Bridges Awards program includes awards for School System Administrator of the Year, Principal of the Year, Athletic Director of the Year, Female Coach of the Year, Male Coach of the Year, Official of the Year, and Contributor of the Year. Recognition will be made in the above mentioned categories in each of the nine athletic districts in our state. Nominations have been made by a Citizenship/Sportsmanship Committee in each athletic district and final selection has been made by a State Selection Committee.

The awards are named the A.F. BRIDGES AWARD in honor of the TSSAA's first executive secretary.

A.F. BRIDGES

A.F. Bridges was born in Athens, Louisiana on March 17, 1905. He attended school in Lincoln County, Tennessee and graduated from Central High School in Fayetteville in 1922. He earned his B.A. and M.A. from Peabody College in Nashville. He began his work as a teacher and coach at Peabody High School in Trenton, and after a number of years with the Milan, Henderson, and Covington schools, he returned in 1936 as Superintendent of the Trenton schools. Soon after, he became the Superintendent of the Covington City Schools. After three years in Covington, Mr. Bridges was named as the first full-time Executive Secretary of the Tennessee Secondary School Athletic Association and established the first TSSAA state office in Trenton in 1946. Under the leadership of A. Foster Bridges, athletics in the state of Tennessee reached a level of excellence and competence that earned the respect of all people. Mr. Bridges brought national recognition to Tennessee in high school athletics, and particularly in the field of girls' athletics and in the establishing of one of the most respected training programs for officials in the nation. Mr. Bridges was a person of high principles who displayed firmness and fairness, as well as the high ideals of ethics and integrity, as he and many other school people established the foundation of TSSAA across our state. It is our sincere wish that through honoring Mr. Bridges by naming this awards program after him, we will have the opportunity to remind young people of the positive characteristics, not only of this gentleman, but of athletics in general and participants specifically.

CORPORATE SPONSORS

The corporate sponsors and supporters play an integral part in the TSSAA and the TSSAA State Championships. TSSAA would like to thank our corporate sponsors and supporters for their dedication and hard work this fall during the state championships.

BlueCross BlueShield of Tennessee- BlueCross Invites Fans to Show Their School Spirit

While this year's BlueCross Bowl teams were busy battling it out on the field, BlueCross BlueShield of Tennessee took the competition off of the field and into hometown communities with the first-ever BlueCross Bowl Fan-Faceoff.

The competition pitted fans against each other to determine which school had the most school spirit. Each school was assigned a unique keyword and fans were challenged to text that keyword to a specific number before the clock ran out in their respective games. The school with the most texts received a \$1,000 donation from BlueCross.

The Fan-Faceoff allowed students, parents, faculty and hometowns to show support for their championship teams while providing BlueCross an opportunity to give back to the communities that are so important to the success of the BlueCross Bowl. Congratulations to the following Fan-Faceoff winning schools: Knox Webb (II-A), Baylor (II-AA), Jo Byrns (1A), Trinity Christian (2A), Alcoa (3A), Greeneville (4A), Columbia Central (5A) and Smyrna (6A).

And in other sports news, BlueCross recently announced its title sponsorship of the 2011 Division I and II high school basketball championships. Update

Wow, this global warming is killing me. As of this writing there is snow in 49 of the 50 states, try to guess which state did not have snow on the ground. I will let you know at the end. Things at the office are well as I see it. Our so great and wonderful leader of Oz here has had a new hip put in. It is his second hip in two years. I guess a little more passing of the ball in his youth instead of the jump shot would have saved him a lot of pain in his old age. I talked to his wife while he was home getting better and asked if he is feeling old. She said he doesn't feel old; in fact he doesn't feel anything until noon. Then it's time for his nap. So now with the Right Team and metal rods in my leg and Mr. Childress with two metal something in his hips, there is a growing fear of magnets at the TSSAA offices. TSSAA is still a great place to work, other than the secret service what other job are you asked to take a bullet for your boss? Well, I guess working at 7- Eleven.

Here are some signs of how you know you are getting old:

- You know you're getting older when the first thing you do after you're done eating is look for a place to lie down.

- You know you're getting old when you stoop to tie your shoelaces and wonder what else you could do while you're down there.

- Mike Reed pulled his left shoulder out putting peanut butter on a bagel. It was chunky, though. He pulled out his right shoulder putting Ben Gay on his left shoulder.

- Lynn Brown had this happen to him: while he walked past a cemetery two guys ran after him with shovels.

- Ike White says he knew he was getting old when he started each day with coffee and the obituaries.

- Tommy Lane is getting old and he knew it when they told him his blood type was discontinued.

- I'm not saying Ronnie Carter is getting old, but now when he orders a three-minute egg they make him pay up front.

- Bernard Childress, you know you are getting old when people tell you how good you look.

Courtney Brunetz is still the person to call for booking the Right Team in your school. We are talking a lot this year on how to treat other students and bullying and name calling and suicide is another topic that we are covering at the high school level. Give Courtney a call at 423-624-0762 or email her at cbrunetz@tssaa.org

TMSAA REPORT

RICHARD MCWHIRTER

The Tennessee Middle School Committee met for the first time this school year on November 16th. Members in attendance were Chic Nute, Tommy Shelton, Vic King, Ken Hilliard, India Weaver, Tim Bell, Matt Calvert, and Dr. Michael Lowe.

Committee members were given an updated list of TMSAA member schools and the areas they have been assigned. The committee decided on the appropriate area for each new school. Committee members discussed the current classification processes they use for their member schools, as well as possible changes.

The Committee reviewed the TMSAA Bylaws, Sports Calendar, and Sports Regulations. There was some discussion about the ASEP Coaches' Education Program at the Middle School level, but no action was taken at this time. Committee Members discussed alternative options for the First Practice Date and Date of First Contest, but no action was taken at this time. The 2010-11 Wrestling Weight Classes were reviewed. It was determined that a

Softball Pitching Rule will only be implemented if it was the recommendation of the National Federation.

Committee Members reviewed the TMSAA Tournament Guidelines and were reminded that all tournaments must be submitted to the state office for approval. The Committee requested that a form be used for this purpose and that the approved tournaments be listed on the website. Committee Members discussed the importance of having a pre-tournament meeting with administrators to review the finances of the tournament, and the Tournament Financial Report should always be forwarded to the TSSAA state office.

The Committee expressed some concern over the need for more accountability of officials, but no action was taken at this time.

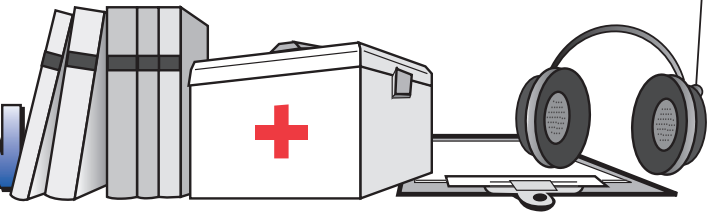

There is a need for a TMSAA website, and the committee members discussed possibilities for it. They would like a new website to include: Member Schools' Contact Information, Links to Member Schools' Websites, TMSAA Committee Members' Contact Information, and Rule Changes & Points of Emphasis, listed by sport.
